Judge Hazelwood has finished the leasing of much land in the vicinity of Endee and San Jon, where he believes the largest oil fields of the world will eventually be located. He holds some leases in other parts of the county but most of his lands are in the vicinity of the "bad lands."

L. A. Dealy returned Wednesday morning from Hutchinson, Kas., where he was called on account of the death of an aunt. The telegram only stated "Helen is dead" and having a sister there by that name he thought she was dead until he arrived in Hutchinson on his sad mission.

John M. Hodges of Puerto, was a Tucumcari visitor this week. He believes in keeping abreast of the times and becoming anxious to know what the government and state are doing politically, so he spent a few days this week in this city reading the daily papers and talking it over with his many friends.

R. E. Farley was here Sunday from Albuquerque and made three splendid addresses at the churches. His subject was "Prohibition of the Liquor Traffic." Those who heard Mr. Farley say he is the right man for the position he now holds and they are confident the state will go "dry" next fall under his leadership.

Mr. and Mrs. J. C. Galbraith of Dalhart were Tucumcari visitors Wednesday of this week. Mr. Galbraith formerly lived in Tucumcari and was well pleased with the substantial improvements that have been made since he left. He was here on a business deal it is understood and will perhaps invest in Tucumcari again.

A. O. Reeves of Norton and Miss Helen Jones of Tucumcari, were quietly married in this city Wednesday by the Rev. P. B. Henderlite, in the presence of only a few witnesses. They will make their future home on the Reeves ranch southeast on town. The many friends of both contracting parties will join the News in extending congratulations.

W. R. Springer, representing a number of land owners in the Quay neighborhood, who own land under which there is supposed to be much oil or gas, was in this week to meet Monday night with a company of promoters who are desirous of organizing a local company. Mr. Springer holds 10,000 acres under lease and will join forces with the company when he believes his co-partners will approve of so doing. Thursday he reported that full arrangements were about completed for the combination.

Business Economy

Few good business men are using gasoline engines as a motive power since electricity is available night and day. Economy is the first result obtained. You save time and energy in cold weather starting and stopping your machinery by turning a button. Time saved is money earned and during these days of high cost of living you should equip your shops with electricity, one thing that remains the same in price the whole year.

Shoe Talk..

ABSOLUTE reliable information assures us that we can save you from one to five dollars on every pair of shoes you buy of us. We can prove this by local people having visited other cities. Everybody knows shoes have gone up and a great many stores take advantage of this and put on extra stiff profits, but this is not our business policy. We continue to sell shoes at the same margin of profit we always did and can therefore save you from 1.00 to 5.00 per pair.
